

Smart Y

Hyper BionicBarista

The Smart Y series recreates the professional coffee-making process with advanced technology—delivering the quality of premium coffee machines. Building on Smart X's proven technologies, it is equipped with a high-precision powder weighing system, advanced extraction technology and AI-powered interaction. Supported by multiple core patents, it brings professional-quality coffee to a wide range of scenarios, including convenience stores, bakeries, hotels and offices.

Precise Extraction Technology (Super PET)

Precision extraction control: time within ± 3 seconds, liquid volume within ± 2 ml

AccuPowderWeigh

Grind-by-weight with minimal deviation. Ensures premium, consistent quality.

Fully Modular Design

Fully modularized core systems and flavor units. On-demand functions, one-step maintenance.

SPECIFICATIONS	B2CM	B2CMS	B2CMP
Product category	Coffee + Milk	Coffee + Milk + Steam	Coffee + Milk + Powder
Cups per hour	150 cups
